Welcome to Nazlawi Business College

Nazlawi Business College® is the Professional Membership and Qualification Awarding College devoted to Specialist Accountants world-wide.

Over the past years Nazlawi Business College has seen a growing trend towards specializations within the Profession, and a demand from our own Members to offer greater coverage of specialist accountancy skills beyond Project and Corporate Accountancy. We are a College of Accountants run by Accountants, and we are committed to supporting the professional needs of our Members. Accountants around the world are required to deliver consistently successful results within organizations that are becoming exponentially more complex. Globalization, technology, government regulations, and economic changes put the profession under enormous pressure, yet Accountants are still expected to perform to a very high degree of professionalism, and clients and employers demand positive results as a minimum requirement from them.

Professional Accountants need solid support throughout their career, and Nazlawi Business College is committed to delivering a support infrastructure to all our Members whatever their area of specialization may be.

Our vision is to be globally the most influential Accountants College, providing our members with a primary resource for high-value qualifications, training, events, peer integration, and career progression.

We provide high-quality support and service to Specialist Accountants enabling them to add value to their organizations. We achieve this through technology and by engaging smart management of our resources..."

Our Approach to Professional Membership & Qualification

Nazlawi Business College has taken a scientific approach towards Qualifications and how they relate to the Professional status of modern Accountants, we have taken our existing "Recognition of Prior Learning" (RPL) policy and further developed it to include the latest andragogical Advances concerning the Correlation between Academic Learning and Professional Experience, Our advanced "Recognition of Prior Learning & Experience" (RPLE) policy fully Accounts for all aspects of the skill set required.

By Professional Accountants to perform effectively within a highly demanding Environment, The Nazlawi Business College RPLE policy has defined a New Assessment model called the "Learning and Experience Spectrum". We Now Use this to consider the combination of Learning and Experience Achieved by Accountants applying to become a "Certified Accountant with Nazlawi Business College™" In addition, we apply this new policy when considering applications for all of the professional grades, which include:

| Professional Membership qualifications | Professional Academic Qualifications |
|--|--|
| Graduate Accounting Technician GAT | Certificate in Technical Accounting |
| Advanced Accounting Technician AAT | Certificate in Advanced Technical Accounting |
| Associate Certified Project Accountant ACPA | Certificate in Project Accounting |
| Associate Certified Corporate Accounting ACCEA | Certificate in Corporate Accounting |
| Fellow Certified Project Accountant FCPA | Certificate in Advanced Project Accounting |
| Fellow Certified Corporate Accounting FCCEA | Certificate in Advanced Corporate Accounting |

Each grade reflects the professional status achieved by the member, and demonstrates to employers and clients that – beyond any doubt – he or she has deservedly earned the grade through; dedicated learning, experience, hard work, Exam and achievement.

NBC Membership

Grades of Membership

In addition to the six professional grades listed above, there is the entry grade of Affiliate Member. The seven grades of membership within with Nazlawi Business College are explained below:

Affiliate Member (AMNBC)

Professional Accountants and students considering a career as a Specialist Accountant can join Nazlawi Business College as an Affiliate Member. Affiliate membership is open to any adult who can be regarded as a "fit and proper person". Affiliate members are entitled to use the designation "AMNBC" and describe themselves as an "Affiliate Member of Nazlawi Business College". Upon completion of the registration process Affiliate members will then have access to all the facilities offered to members, which includes gaining NBC® qualifications and applying for other professional membership grades.

Graduate Accounting Technician (GAT)

The Graduate Accounting Technician is the Fundamental grade of professional membership, and the criteria for awarding this grade is significantly more involved than that for Affiliates. Graduate Accounting Technicians will typically be regarded as competently qualified to manage a set of accounting books up to and including Trial Balance. They may well be employed in various sized organisations as junior accountants, and find themselves in charge of small sections of accounting clerks in medium to large companies, or they may be self-employed book-keepers preparing the basic accounts for very small businesses and other self-employed persons. Achievement at this level reflects the ability to identify and use relevant understanding, methods and skills to address problems that are well defined but complex and non-routine. It includes taking responsibility for overall courses of action as well as exercising autonomy and judgement within fairly broad parameters. It also reflects understanding of different perspectives or approaches within an area of study or work. Graduate

Accounting Technicians must have achieved a minimum combination of Learning & Experience totalling at least 3,200 Spectrum Hours before they can be awarded the "GAT Graduate Accounting Technician with NBC" Professional Membership Qualification.

Advanced Accounting Technician (AAT)

Qualified Accounting Technicians are regarded as more senior than Graduate Accounting Technicians and will be further qualified in their Learning & Experience. They may typically find themselves employed in various sized organisations as more experienced junior accountants, perhaps in charge of small departments, or specialising in particular reporting roles. Again, they may be self-employed book-keepers, perhaps employing other book-keepers within their business, and preparing the basic accounts for small businesses and other self-employed persons. Achievement at this level reflects the ability to identify and use relevant understanding, methods and skills to address broadly defined, complex problems. It includes taking responsibility for planning and developing courses of action as well as exercising autonomy and judgement within broad parameters. It also reflects understanding of different perspectives, approaches or schools of thought and the reasoning behind them. Qualified Accounting Technicians must have achieved a minimum combination of Learning & Experience totalling at least 6,400 Spectrum Hours before they can be awarded the "AAT Advanced Accounting Technician with NBC" Professional Membership Qualification

NBC Membership

Associate Certified Project Accountant (ACPA)

The Certified Project Accountant ACPA – is regarded as a Fully Academically Qualified Professional Accountant specialising in all aspects of Project and Programme Accounting and Management operating at the professional level. They are more senior than an Advanced Accounting Technician and will be further qualified in Advanced Accountancy, Project Management, and Project Accounting. He or She will be competently qualified to manage the financial and management aspects of Projects and Programmes within all organisations. Although qualified to manage projects as a Project Manager he or she will primarily be focused on the financial control and reporting of those projects. They may typically find themselves employed in large organisations in business critical positions of great importance and responsible for project portfolios worth hundreds of millions of dollars.
